July 19th, 2010.

My name is Vitaly Roslyakov. I've completed ME/IR and CPL(A) training at DSA a.s at the end of June in 2010.

For me, training was excellent. I've done around 80 hours of training just in one month and I've first-time pass in all of my skill-test, what can show the level of instructors and FTO overall.

I would like strongly recommend DSA a.s. as a very reliable school to do training with. Airplanes always was in perfect conditions, their staff always ready to help you and can solve any problem during training.

Also, I would like to say special thanks to director of FTO Michal Stastny, who arrange a course for me and was helping during all my training, for Chief Pilot of the school Maxmilian Politzer, who was training me most of the time, Instructor Andrey Cepko and all others without which training will be impossible.

Sincerely yours,
